

NEED STATEMENT: KIDS WATER SPRINKLER PARK

BACKGROUND: The Gospel Center Rescue Mission (GCRM) has between 30 - 40 kids who call the Rescue Mission their home. Their Mothers are in either the New Life Program (6-24 months) or are Shelter Guests for up to 30 days. On weekends this number can expand up to 60 children as New Life Program Mothers are regaining custody of their children and have their children on weekends. This number could expand beyond 100 children once the New Life Women's Home is completed in 2021 which will add 118 beds for Women and children to the existing 100 beds. GCRM's goal is to try and make the children's lives as normal as possible as their mothers are transitioning from addiction and/or homelessness. A Kids Water Sprinkler Park is just one example of this goal. The Sprinkler Park would be on dirt lot in between the two Women's dorms.
